

Rescuing at Risk Dogs & Cats in Southern California since 1992

Fur-Folk of the Month—October 2011

Anita is a senior kitty who has found a safe haven with C.A.R.E. Her story is pretty sad but not unusual. She lost a hind foot to a tangle with coyotes but she is a little survivor and pulled through the ordeal. Then, her people moved away and left her behind. She hobbled around the trailer park, looking for her house but everything she knew was gone. Now she was persona non grata - just a stray cat begging for food. Children can be cruel at times and would throw rocks at her because they were curious to see how a 3 legged kitty ran. One of the C.A.R.E. staff's children saw what was going on and the rest is history.

She is a very sweet, sweet girl who is getting up there in years. But she is now enjoying her senior moments safe, well fed and well loved at C.A.R.E.

She is just one of the many fur folk who call the C.A.R.E. Sanctuary home - handicapped but still full of the will to live and enjoying life. Please help them and us keep on keepin' on!

For every pet cherished in a secure home, one hundred more roam homeless, hungry and frightened until they succumb to malnutrition, disease, speeding vehicles or worse fates. A lucky few are rescued by caring humans who work at what can be a lonesome, stressful job.

C.A.R.E. was born in 1992 when a few such people came together to help homeless animals and their human rescuers.
