

RESCUING AT RISK CATS AND DOGS IN SOUTHERN CALIFORNIA SINCE 1992

### FUR FOLK OF THE MONTH - LITTLE IRMA WITH NO TAIL

For every pet cherished in a secure home, one hundred more roam homeless, hungry and frightened until they succumb to malnutrition, disease, speeding vehicles or worse fates. A lucky few are rescued by caring humans who work at what can be lonesome, stressful job.

C.A.R.E. was born in 1992 when a few such people came together to help homeless animals and their human rescuers.

She turned up hungry and skinny amongst a group of ferals.

The caretaker immediately discovered she was no feral kitty, only wanting to be warm, safe, well fed and loved. (Not that feral kits don't want most of that, too!)

She was taken to the vet and apparently was only suffering from dehydration and starvation. And...she's no spring chicken...best guess by the vet is 14-15 years old. Still, with no other apparent health issues, she might be around quite a few more years. Wouldn't it be wonderful if those could be spent in her very own home, with a loving human or humans to cuddle with at night?

What might this poor little girl's story be? Did her human pass away? We can only guess. She looks pretty scruffy in that first picture as it was taken immediately after she came into C.A.R.E. But good food, clean water and love should set that right in short order. She is really a tiny, adorable little manx with a stubb of a tail. Such a little doll baby!
