Rescuing at Risk Dogs & Cats in Southern California since 1992

HOT!! HOT!! 2024 Summer in Sunny California!

This beautiful ball of cotton is Prince. His prior owner loved him very much but unfortunately she could not care for him any more due to health issues and her age of 90 years young. She found CARE to take him and now he is in a foster home, loved and well cared for. He is an adorable senior 12 years old, but still very active and is enjoying life.

IN THIS ISSUE

1. DEAR SUPPORTERS
2. SOME OF OUR RESCUED PETS
3. MEET PRINCE AND LITTLE BIBY THE NEW ADDITIONS TO THE CARE FAMILY

Make your tax deductible donations at www.care4pets.org. We can't do this without you!!!!

CARE 1

Dear Supporters:

As we dive into summer 2024, we are bracing ourselves for upcoming scorching temperatures, especially in Southern California. Despite the heat, rest assured that our priority remains keeping our rescued pets cool and healthy. While the task may seem daunting, we are fully committed to ensuring their well-being. However, this comes at a cost, and our electric bill is expected to soar. **Your support in these challenging times is crucial to help us provide the best care for our furry friends.**

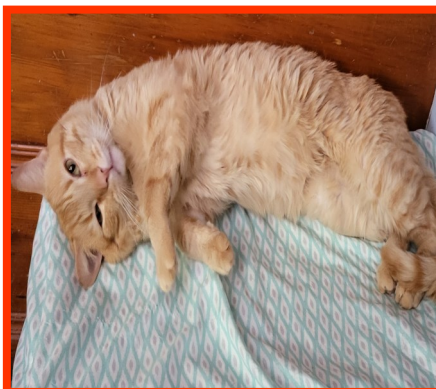

Join us at CARE as we embark on a mission to provide a second chance at life for countless abandoned cats and dogs. For over three decades, our dedicated team has been tirelessly working to rescue, rehabilitate, and rehome these furry companions. **However, our efforts would be in vain without the support of compassionate individuals like you.** Despite our long-standing presence in the community, the heartbreaking reality remains that animal shelters are overflowing, and innocent lives are at stake. From neglect to abandonment, these animals have faced unimaginable hardships. Together, we can make a difference and show them that they are valued and deserving of love. Let's come together to give these pets the loving and safe homes they deserve. Join us in our mission to make a paw-sitive impact and help these animals find their purr-fect match.

Our rescued pets rely solely on donations to receive the medical care they need and a safe place to call home. With 32 years of experience, we have saved countless lives and provided a second chance to those in need. But we can't do it alone. **Your generosity and support are crucial to our mission.** Every donation, no matter how small, directly benefits the animals we have rescued and helps us continue our life-saving work. Together, we can make a difference and save even more lives. Join us in our mission by donating today and be a part of something truly meaningful. **Thank you for your continued support and friendship.**

Thank you!

Maria Porter

CARE 2

Please give today so we can keep the cats and dogs in our sanctuary safe and well cared for, and to save more cats and dogs at risk; their survival depends on us! **Our future, their future, depends on your generosity and kindness!** Some of the animals in this issue and many more at the CARE sanctuary are looking for homes of their own!

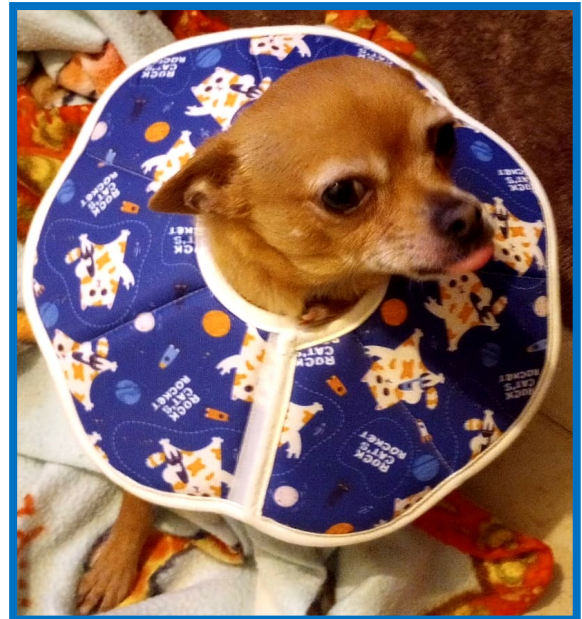

This cutie is Maui. She is sun bathing and napping. Doesn't she look adorable and peaceful? She is looking for a forever loving home!

This darling boy is Julio, he has the most beautiful markings. He is very friendly and is looking for a forever loving home. Would you consider making this beauty part of your family?

Some of our adorable cats

This 5 pound little cutie is Biby, who just got spayed. She is a senior who life hasn't been kind to. Now she is safe and learning not all humans are cruel. Welcome to CARE sweet Biby!

Cat/Canine Assistance, Referral & Education
P. O. Box 56631, Sherman Oaks, CA 91413
www.care4pets.org

Supported entirely by donations from individuals and foundations, CARE maintains a no-kill, cage-free “Home Sweet Home” for 300 plus homeless cats & dogs in a rural area north of Los Angeles. The CARE sanctuary is licensed by the County, proudly earning “A” ratings at every inspection! We are committed to saving the lives of homeless dogs and cats by rescuing at-risk animals, placing adoptable pets in homes of their own, and caring for those awaiting adoption (even those considered “unadoptable”), for the rest of their lives if need be. The CARE sanctuary demonstrates that is possible to provide a comfortable and loving home for groups of “unwanted” or “surplus” animals who otherwise would have, at best, an uncertain future. By supporting CARE, you are not only helping many wonderful animals, you are also standing up for the idea that animals do matter, and that they deserve loving care!

Another HOT summer and our beautiful boy, Goldie is enjoying cooling down in his tub! He really loves water so much he is smiling.
